Re: Extension of Deadline for Glacier Northwest, Inc. to respond to the Supplemental Information Request Pursuant to Section 104(e) of CERCLA, for the Lower Duwamish Waterway Superfund Site, Seattle, Washington.

Dear Mr. Bjorkman:

We received your e-mail of November 10, 2011 requesting a second extension of the deadline to respond to EPA's Request for Supplemental Information related to the Lower Duwamish Waterway Superfund Site. Glacier's original due date was October 17, 2011. EPA granted an additional 30 days in response to your first extension request. Through this letter, EPA is granting a second extension until November 28, 2011, as requested. Please be advised that no further extensions will be granted after this date.

If you have any further questions, please contact me at (206)553-5122 or lambert.aaron@epa.gov. Thank you for your cooperation in this matter.

Sincerely,
